An overview of how humanitarian actors have accessed, used, and responded to IMPACT's activities over the course of 2020. The data shown below is retrieved from IMPACT's Global Monitoring and Evaluation report, sourcing information from partners, donors, and other actors present on the ground

50 information products published across **22 different research cycles (RCs)**

Approximately **2,000 downloads** of information products from digital platforms online

REACH **cited over 70 times** in strategic documents including: Joint Response Plan Rohingya Humanitarian Crisis

20+ organisations engaged in different capacities

Informing strategic planning and decision-making

Findings from the Joint Multi-sectoral Needs Assessment (J-MSNA), and in-depth sector research cycles **contributed to the Joint Response Plan (JRP) for 2020.**

Findings from the MSNA and assessments cited in the Joint Response Plan for Bangladesh **highlighted increased severity of needs for Rohingya refugees within host communities**, particularly with regard to food security and protection. This was used to support the narrative to continue to provide service provision at the same and expanded level in the future.

**OUR
IMPACT**

Adapting to COVID-19:

- At least 3 RCs with a key focus on COVID-19, primarily on **Cash & Markets** and **Education assessment**.
- Most downloaded product was the **May 2020 COVID-19 Qualitative Vendor Surveys Brief (437)**.
- Supported the **education response in host communities** by conducting a **remote assessment on the challenges of distance learning** since schools had closed.

“ REACH demonstrated great flexibility, and were quick to respond when asked to produce concept notes and terms of reference for COVID-19 activities. ”
